

To download the instructions go to:

https://www.winsorcomputing.com/downloads/mail_patrol_manual/MailPatrolInstructions.pdf

You can also scan this QR code with your phone camera for the manual:

Scan the correct QR code below using your phone camera to download the cell phone setup application.

Android	Apple (IOS)
	

IMPORTANT: Place the device on a table with the label facing up.

Click the scan button on the blue tooth app when the blue LED flashes once every TWO seconds.

Also, if using the long range version....you only need to configure the receiver.

If you have any questions, please email: support@winsorcomputing.com

We will respond VERY quickly! (Usually the same day.)

Also, please take a moment to review this product.

It will help grow our company.

**Thank you so much for your purchase.
I hope you enjoy using the Mail Patrol !**

Dan Winsor
